

PRESS RELEASE

June 8, 2016

FOR IMMEDIATE RELEASE

Welcome Justin Curtis, Account Executive, at ION247 Managed Services.

Orlando, Florida

We are pleased to announce that Justin Curtis has joined ION247 Managed Services in June 2016. He's a graduate of FSU with a BS in Finance. Relocating to the Metro Orlando area from Destin, FL.

As Account Executive, Justin's main focus is to assist small businesses in their migration to our cloud-based technologies. He will leverage our **50 years of combined IT managed services experience** to help guide your business through this process.

Justin stated, "If you're a small business owner running your company with basic office technologies and part of your daily ritual is to make sure your wifi-printer can connect to your internet, your computers software and virus protection up-to-date, your business doesn't suffer emails and phones shortages. Then it's time you helped yourself and your business from the inside out and contacted him."

Justin will explain why using products such as Microsoft Office 365 and investing in other cloud-based technologies will give you and your employees the right tools needed to help them work proficiently and productively. Thus, allowing you to keep up with your customers and provide them with improved services.

If you'd like to now more on how Justin can help you, please feel free to reach out to him via phone **407.706.7556** or email him at jcurtis@ion247.com.

About ION247 (WWW.ION247.COM)

ION247 is a fully owned subsidiary of Star Asset Security, LLC and provides IT and Physical Security Managed Services to Small and Medium sized businesses. ION247 takes a cloud centric approach to simplify and many cases lower the total cost of ownership of IT and Physical Security solutions. ION247 offers a flexible service delivery model from providing specific project expertise to offering fully managed services.
